

Eligibility Rules under Article 11 of the Ukraine Facility

In accordance with Article 11 of Regulation (EU) 2024/792 establishing the Ukraine Facility, all eligible expenditure financed through a guaranteed loan must comply with the rules on the origin of supplies and materials.

If supplies or materials cannot be obtained on reasonable terms from countries eligible under Article 11, the applicant shall indicate this in its application for the guarantee.

NRB will assess each case on an individual basis.

Eligible Countries

- **European Union Member States**
- **Ukraine**
- **Western Balkan countries** (Albania, Bosnia and Herzegovina, Montenegro, Kosovo, North Macedonia and Serbia)
- **Georgia and Moldova**
- **European Economic Area countries** (Iceland, Liechtenstein and Norway)
- **Other countries granted reciprocal access to external assistance for Ukraine by the European Commission***

** Based on a European Commission decision adopted in June 2026, the following countries are included for the period from 23 July 2026 to 22 July 2027:*

- **Canada, Japan, the United Kingdom of Great Britain and Northern Ireland, and the United States of America.**

Supplies and materials originating from these countries are eligible provided that the procurement procedure is launched or the purchase is made during the above-mentioned period.
